About Us

The Agape Mitaboni School is registered Community based school based in a small town in Kenya's Machakos County in the lower eastern region of Kenya. It is approximately 1.5 hours outside of Nairobi. The organization was founded in 2013, with support from local people who are committed to fighting the social challenges our local community faces every day.

The unemployment rate has always been extremely high within the community due to lack of opportunities but due to COVID-19 many businesses have had to file for bankruptcy. The majority of our parents don't work but the ones that are lucky enough to have a job (mainly selling vegetables from their farm) have an average income of just \$40 a month. This makes it very difficult to pay for school fees, food, Healthcare, clothes and other items for their children.

Our Education project currently supports 156 boys and girls between age 3-13 years old (Kindergarten, Upper Primary and Lower Primary Education). Agape Mitaboni School provides a safe and supportive family like environment for the children during their schooling hours and we would love for you to be a part of this journey.

We have put together a quick video to show you our facilities and some of our wonderful children [here](#),

Our Vision

We aspire to see vulnerable children living a fully dignified life.

How you can help?

There are many ways you can support us, become a sponsor to one of our students, visit us and volunteer with the children and/or donate to one of our projects at the school.

-E.G –Building, Feeding program support, Stationary, Medical checkups and treatment, Volunteer [teaching support, cooking, feeding children, Virtual –fundraising]etc] and Child sponsorship.

Our Sponsorship Program

There are so many children desperate to attend school but who cannot afford the tuition or basic supplies each term. With your help these children can learn in a safe, happy and healthy environment, helping them fulfil their potential and create a better life for themselves and their families.

The school has lower primary and upper primary. You can choose to support a child per year or per semester. One semester has 3 months so 1 year = 3 semesters.
